📘 Key words

Tayyibat	good, lawful things
Tadhkiyah	lawful slaughter

💡 Main ideas

1. Food and drink are lawful by default: «O people, eat of what is on earth, lawful and good», including plants, sea creatures and properly slaughtered animals.
2. Forbidden: carrion, flowing blood, pork, what is dedicated to other than Allah, alcohol and every intoxicant or drug, and harmful things like poisons.
3. Forbidden animals include every predator with fangs and every bird with talons.
4. Lawful slaughter: cutting the throat, gullet and jugular veins while saying Allah's name, or wounding an animal that cannot be caught, or hunting with its conditions.

✅ Lessons we take

1. Good things are lawful; harmful things are forbidden.
2. Necessity allows what is needed, no more.
